***"Teach a man to read and you have given him a treasure for a life-time"!***

The Chairman of DSE, Sri P. Madhusudan Rao has a rich experience of over of 35 years in the field of education. His vision to offer eclectic education motivated him to establish the DSE Group of Institutions and the Secunderabad Public School, both of which offer CBSE curriculum and the St. Ann's Group of Educational Institutions which has a Junior and Degree College functioning under its aegis.

He is of the firm conviction that schools should groom global citizens who possess good values, healthy attitudes and exemplary behaviour. He asserts that sound education should shape the character of children, nurturing their individuality and training them to be self-reliant.

Delhi School of Excellence is yet another brain child of his. Established in the year 2012, it is now nearing the landmark of completing a decade. He fervently believes that it will elevate into a glorious temple of learning. Presently, three branches have been established across the city at Attapur, Banjara Hills and Manikonda.

He is a patron of the India Development Foundation(IDF), which is deep-rooted in dispensing service to the needy and is well known for its yeoman's service to the underprivileged members of the society.

This academic year too is fast drawing to a close. Looking back, the journey over the past nine years has given us immense joy and immeasurable satisfaction. This is attributed to the spirit of togetherness among staff, students and friends as one family that makes DSE a special place.

There have been challenges too - academic, economic and social. And yet with hard work and support all around, we have walked this path together and emerged successfully.

As a unit, we continually reflect on our practices and strategies and focus on improving the teaching and learning environment. This is an ongoing endeavour and we are committed to these principles.

**Shilpa Ravi**  
**Vice Chairperson**

We at DSE, epitomize not just the ideologies of quality education but also on how well they symbolise the global philosophy of education that of transforming students into free-thinking, action-oriented individuals!

I am proud of the fact that the three branches of DSE have kept pace with the ever-changing technology and globalization and they have also done so without compromising on the culture of ethical principles that are so essential to mankind!

I am very confident that DSE will traverse the onward path with the same concern, confidence and commitment.

**K.M. Rama Devi**  
**Secretary**

At DSE, the main conviction is to impart education with a global perspective so that the students become world citizens, willing to share and contribute to the alleviation of global concerns.

Our students are our future and I have every confidence that they are being groomed to imbibe a culture of tolerance, understanding, justice and forgiveness.

Our main aim is to work relentlessly to provide a learning environment that is positive, safe, caring and engaging for all.

**P G Reshmi**  
**Administrator**

Keeping up with the changing times and needs of the technologically driven younger generation, DSE illustrates the techno-savvy advent combined with the motto of the school in preparing the students to the wide open roads and excel in every field.

With constant encouragement and training, young Deesians have brought home many laurels in terms of academics, sports, art and literary activities. I am sure our students will be achieving many more in future as well.

I am very happy about the teaching staff for accepting the 'new normal' and working relentlessly towards a common goal in building and shaping the student society.

**B. Shashikala**  
**Academic Director**

Over a span of nine years, DSE Attapur has emerged as one of the leading and fast-growing institutions in the twin cities. This laudable achievement is a time for thanksgiving and pledging to face new challenges, getting motivated and utilising the opportunities to develop the overall personality of a child.

DSE deserves appreciation for giving a good education with many activities. The school is also dedicated to impart valuable and qualitative education. It also accords utmost importance to discipline and cordial atmosphere. Parental support has been instrumental towards the developmental goals of this Institution.

### **Child – Centered Philosophy**

At DSE, learning is child-centric and has a practical approach to the theoretical inputs relevant for today's dynamic global scenario.

### **Trained and Experienced Teaching Faculty**

Advanced equipment and teaching tools apart, the teacher remains the guiding force at DSE. Teachers are not only well qualified but trained to be empathetic and sensitive to the students' needs at all times.

### **A Different Approach**

DSE provides a variety of learning experiences which promote integrated growth in all areas – physical, intellectual, moral or social. The school goes beyond the regular classes and teaching.

### **Parent Partnership Program**

Parents play an active role in the teaching - learning process and partner with the school in all the activities of the school. They are called as judges for all in house competitions, to conduct various seminars for students and as guest lecturers.

### **Fine Arts**

DSE places great emphasis on creativity and passion for arts. Students can engage in drawing, painting, pottery or quilling which are proudly displayed around the school and during exhibitions.

### **Performing Arts**

Dance(Western and Classical), Dramatics, Music and Art classes are extremely popular with the students and for good reason. Our professional instructors help children explore both Indian and contemporary disciplines in all the VPA activities.

### **Inclusive Education**

Children with Special Needs (CWSN) is the soul of DSE. From a casual chat or to resolve a deeper issue, qualified and full-time school counsellor and Special Educator are available on the campus whom students can approach. Parents are also welcome to contact them with regards to their ward's academic or non-academic concerns.

### **Catering to Slow learners**

Differential Teaching and varied Instructional Techniques are extensively used by the faculty. Students are allowed to enjoy freedom in their learning and the teaching is customised as per their needs. To reach out to different types of learners, personalized instructions are given to suit their comprehension.

### **Empowering Students for the Future**

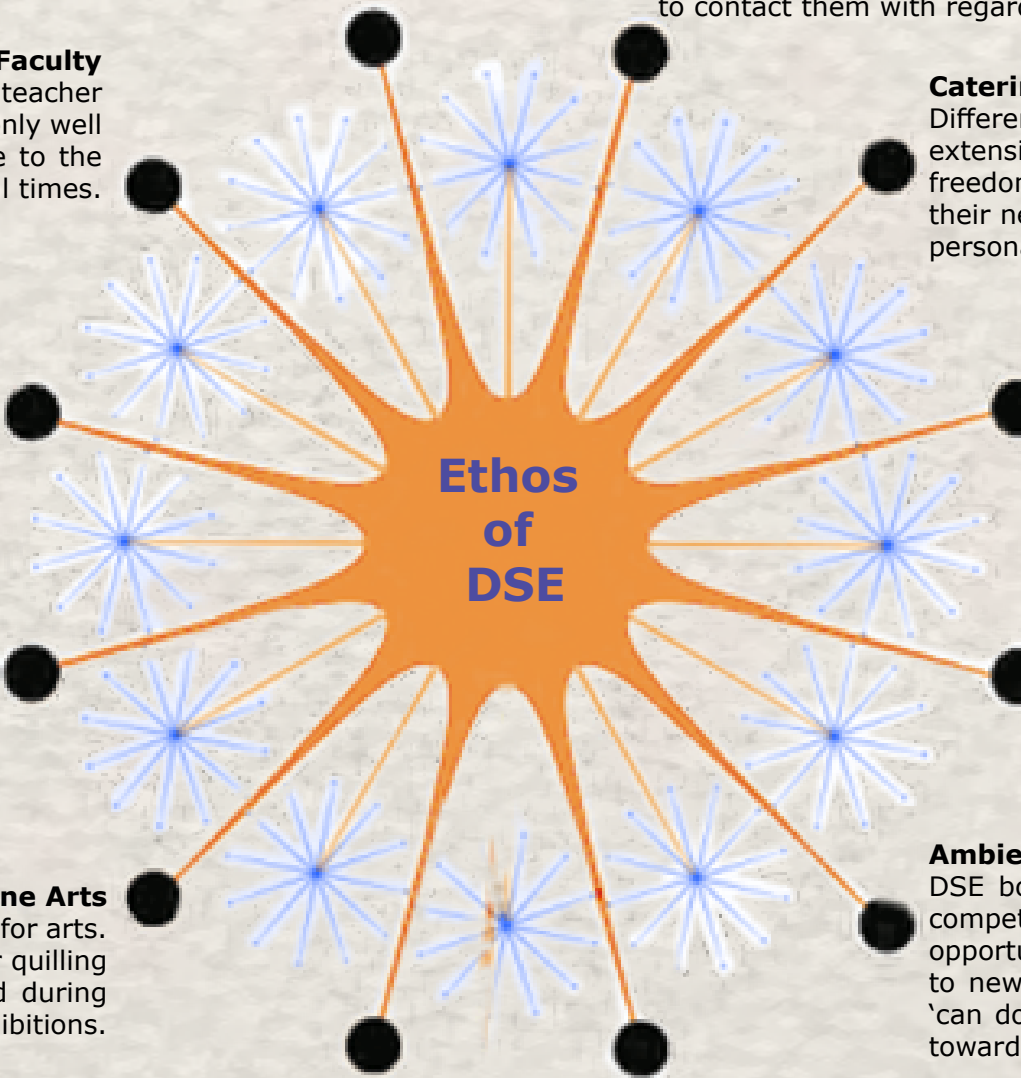

The young and receptive minds of the students are constantly exposed to rich information through various projects and assignments, empowering them to organize and utilize this knowledge to improve their understanding of concepts.

### **Health and Physical Education**

To develop physical skills such as stamina, endurance, flexibility, balance, agility etc. many activities such as Yoga, Plate Tapping for speed and strength, Flamingo Balance and other Kinaesthetic tests are regularly conducted by trained Physical Education Trainers.

### **Ambience at DSE**

DSE boasts of excellent work culture - collaborative, healthy, competitive and inspirational learning environment with ample opportunities for the teachers and students to grow and adapt to new learning trends. There is a strong belief that students 'can do' and achieve higher and higher and the teachers work towards it.

## Our USP

### Experiential learning

With the confluence of traditional teaching styles and digital modes, DSE was miles ahead in terms of providing new interactive online platforms that would not only be of interest to the students but also enable better comprehension and lucid learning.

### Learning Assistance Programme

The school boasts of an Online Learning Assistance Programme that helps children to overcome learning difficulties that may be encountered during the school year. Remedial teaching is taken in order to help the child in staying at par with the grade.

### School Social Responsibility

DSE is associated with Indian Development Foundation and the students actively participate in doing their best for the less privileged sections of the society. Regular workshops are conducted to sensitise students about social issues like Bullying, Sex Education, misuse of social media, Sex abuse etc.

### Clubs

The school ventured into 'After school online Clubs' to mix learning and fun. They were aimed at improving the students' vocabulary, reading and writing skills and comprehension abilities. Math was made interesting through use of innovative puppetry, you-tube videos and online resources!

### Career Counselling

The school conducts regular career counselling and orientation sessions for students of Grades VIII- X by collaborating with experts in order to explore various career options. Parents too contribute towards conducting various workshops and seminars.

### Internships

Online Student Learning Programmes are initiated by the Indian Development Foundation (IDF) for the students of Grades IX and X. The school has collaborated with HEMA Foundation where Value Education, Social & Life Skills are inculcated through videos and webinars.

### Global Preparedness

To prove their mettle, the school encourages and trains students to participate in all Inter school competitions at all levels. Students also participate in MUNs and Student Exchange Programmes and contribute to global solutions.

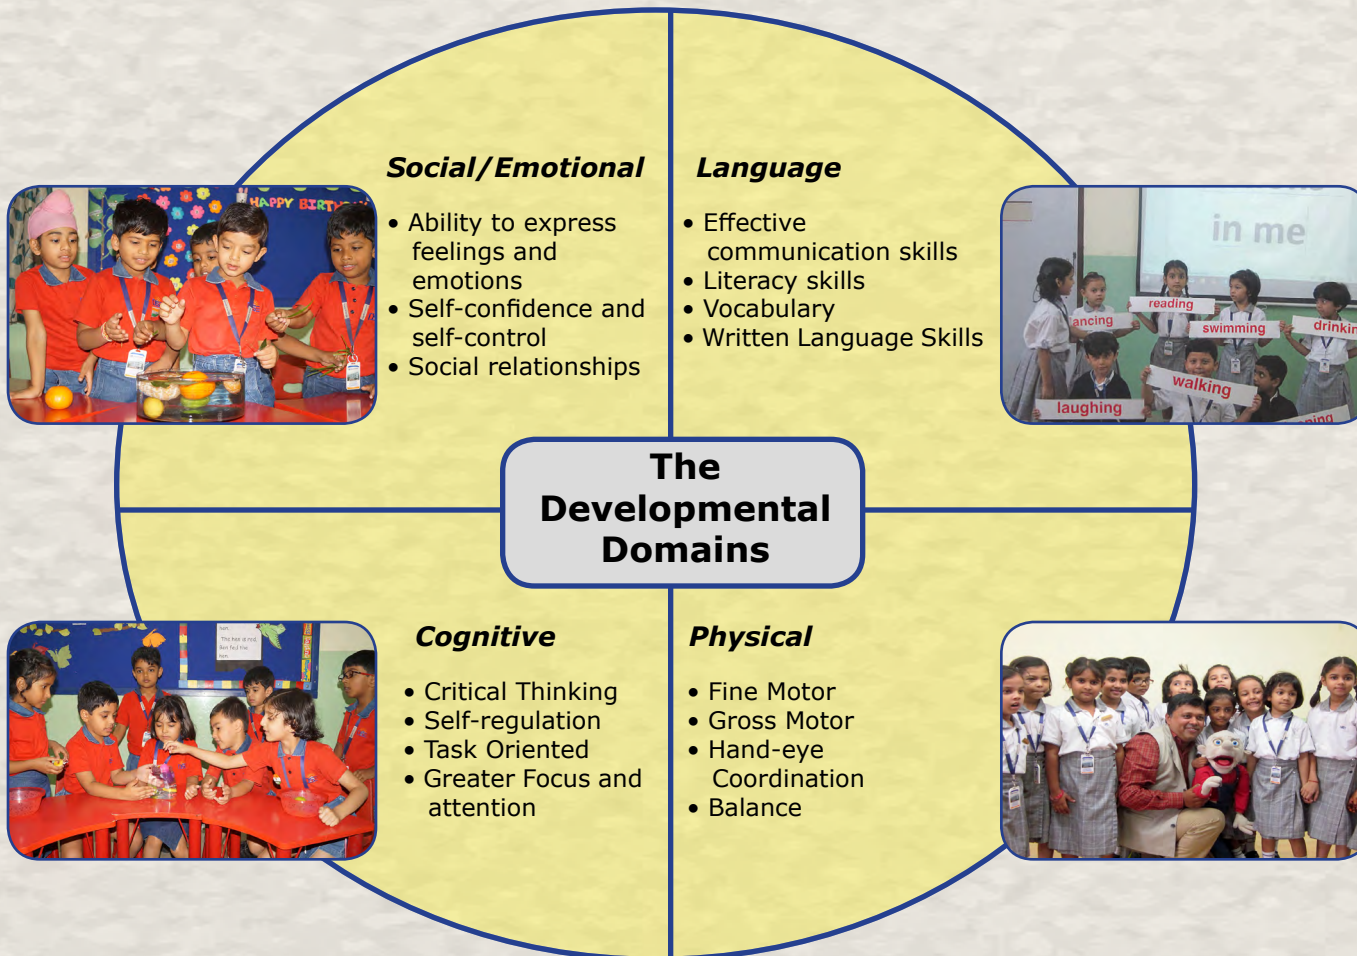

### Yoga & Physical Activities

To develop love for Yoga and Physical activities in every child, fun and innovative methods are used. This will help them go out into this world as healthy, strong, capable and confident individuals.

# Curriculum

## Pre Primary to Grades I - II

The school follows the CBSE curriculum. Emphasis is given on 'Learning by Doing' and project based activities. Research and critical thinking skills are whole heartedly encouraged. The school adheres to a student-centred approach to learning.

## We Boast of...

- spacious, state-of-the-art classrooms with digital boards.
- well equipped laboratories viz. Physics Lab, Chemistry Lab, Biology Lab, Mathematics Lab etc.
- air-conditioned Computer Labs providing one computer for each student.
- well-stocked library with books encompassing fiction and non-fiction, maps, journals, periodicals, newspapers and videos that makes it a favourite haunt for the students. Reference books on every subject are available for study and research.

- **Visual and Performing Art Labs for Dance, Music, Art & Expressions**
- **outdoor courts for playing Basket Ball and other field games.**
- **indoor sport rooms for playing Table Tennis and Chess.**
- **Transport facility to students to reach the school from every corner of the city. Every bus is equipped with expert, literate drivers and concerned cleaners who are trained to be courteous and sensitive towards the students at all times.**

## DSE believes in...

- thinking critically about the world's problems. We teach students how to learn and be analytical so that they can go out into the world as lifelong learners to solve the problems of the 21<sup>st</sup> Century.
- adding value to our students by improving their academic, social and emotional competencies.
- the 'change' that can be a positive opportunity for creating a better self, school and society.
- striving to excel in academic, sporting, and artistic pursuits.

- encouraging one another which would help build up each other's confidence through challenges and succeed as a team.
- turning up to class excited and ready to participate every day. We put all of our energy into our activities so we can get the greatest reward out of them.
- thinking about others and make sure other people in our team have had a chance to contribute, share their ideas and have them considered in class.

- setting ourselves personal goals that are challenging but achievable. We work every day to meet our goals.
- empowering students who have trust in his/her self and demonstrates honesty, integrity, nobility and humility in their actions.
- complete participation from parents, teachers, staff, administrators and community that enhances the educational outcomes of our students.
- improving and working everyday to learn something new.

**WE EMBOLDEN... WE ENRICH...WE ENDOW**

# Salient Features

Classes Nursery- X in co-educational system

Affiliated with Central Board of Secondary Education, Delhi.

Has qualified and motivated teachers with a perfect blend of knowledge, quality, culture and patience.

Provides good facilities to enable the students to learn well and face the challenges of the competitive world.

Creates awareness of the rich tradition and culture of our country among students.

Organizes outdoor training programmes and adventure camps for students to generate confidence and dynamism in their personality to face the challenges of the competitive life.

Conducts free medical check-up for all the students once in a term.

Imparts moral teachings based on ethical values. Special assemblies are also organized with cultural activities on special occasions.

Facilitates intensive training inputs for improving reading, writing and speaking abilities of the students with regular weekly tests and assignments.

Maintains well air-conditioned computer labs

Organizes morning assembly and prayer, before conducting the regular classes. In the assembly, students present news, speech, Thought for the day, Quiz and so on.

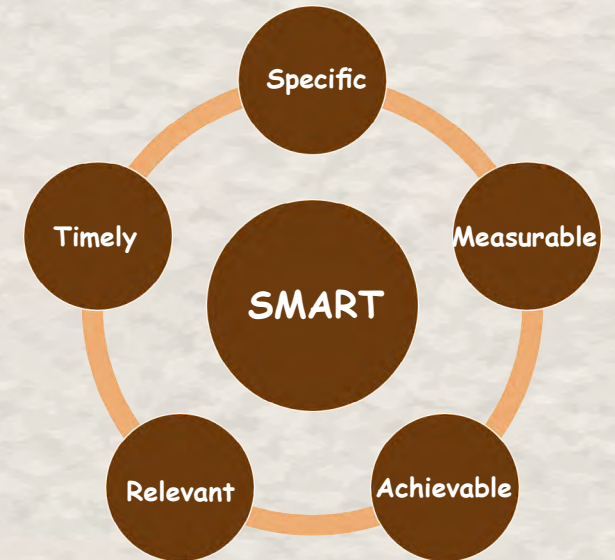

Enables and provides every student an opportunity to participate in various national level exams or competitions for their exposure to the greater competitive world.

Offers personalized guidance and counselling.

CCTV cameras have also been installed at different locations in the premises of the school for safety and security of all concerned.

## Developing SMART Goals

In order to make a SMART start of our goal settings, DSE is of the opinion that one can achieve success by making goals Specific, Measurable, Achievable, Realistic and Timely. By doing so, we **Get Ahead...** be a **Winner ... Stand out** from the crowd.

# Educational Tours & Field Trips

Learning something by seeing it in person is far better than just learning from books. Giving the chance to students to decide on the kind of place they wish to explore is a good way to make Educational Tours a successful attempt.

Here at DSE, we aim to help students to learn through visual experience, explore new things, help in educating children on complex topics and get ideas on concepts through live examples.

## Teacher Enrichment Programmes

Education is a learning cycle without an end. Discovering new teaching strategies through Teacher Training Programmes, teachers can go back to the classroom and make changes to their teaching styles and curricula to better suit their students needs.

Here at DSE, we enable such programmes for teachers in order to give their students the best learning results and help them plan their time better and stay organized.

## Student Webinars

Going beyond the horizons of textbooks and making something innovative is certainly a measure to improve an individual in practical terms. Workshops, seminars and conferences held at regular intervals do perform the same motive for a student. Being exposed to these practices makes him/her more prone towards learning and getting better with each session.

At DSE, such workshops are organised to demonstrate the capabilities of students and can furthermore update their knowledge through such platforms.

# Hall of Fame

Social Impact Award by Educational World

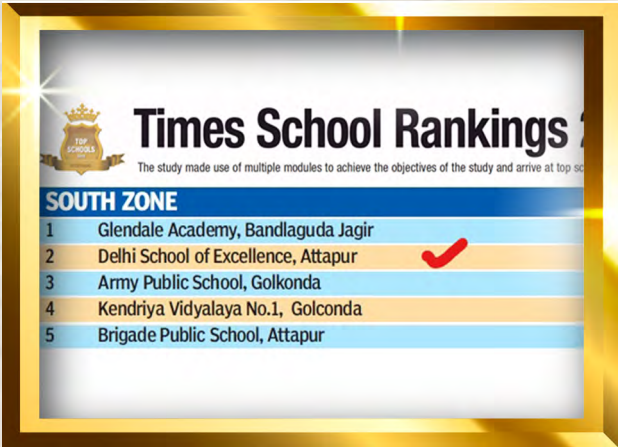

Mother Teresa Award by the IDF for the fourth consecutive year

Award for Excellence in Value Education by Eldrok India

Times Excellence Award for Most Inspirational School by Times of India

# House System

To instil in pupils the art of self discipline, self governance and team spirit, four Houses are constituted which will facilitate Inter House Competitions and help students enhance their talents and aptitude in order to inculcate in them a spirit of healthy competition. It will also teach them to be more disciplined and organized individuals.

## Inter House Competitions

The House system is of great importance to school life. It inculcates the spirit of healthy competition among students. Equally important are the Inter-House Competitions, renowned for being the liveliest events in the school calendar. The House captains and their House members exhibit the best of their creative talents in all the competitions including making of beautiful and very informative boards. Thus, DSE encourages the students to show team spirit as all of the Houses thrive on the ethos of 'Let's serve together'.

## Inter School Competitions

The Inter School Competitions play a role in motivating students to perform and excel and offer a lot more reward than just the winning prize. It is like a stepping-stone to achieving greater things in life. Through Inter-School activities, the field of competition broadens. The students at DSE not only get an opportunity to compare themselves with the students at the same school but with other schools as well.

## Transport

DSE provides safe and reliable bus transportation to students who wish to avail this facility. The school has a fleet of buses with the best of safety arrangements. The use of school bus enabled by tracking system is useful for parents to keep track of their children. The students in school buses are accompanied by well-trained female attendants/escorts to ensure their safety.

Even if the parents could drive their children to and from the school on their own, they choose school buses over their cars - the reason being the safety a school bus provides to the children.

# High-Tech Learning

DSE has always been promoting the use of technology in classrooms either by using SMART Boards or by incorporating LEARN NEXT and EXTRA MARKS platforms. Teachers at DSE took up the challenge and attended workshops conducted by the CBSE, Teacher, Superteacher and many more companies and are applying the learning in their classrooms.

Techno-Bloom gripped the teaching learning process with the tools and apps being basic in the beginning and then finally moving into the entire campus culture turning them tech savvy.

Basic tools are extensively used in every classroom by all the teachers. Whether it is for teaching or for showing videos or peer learning and assessments, the tools prove handy to encompass various nuances of the teaching-learning process.

DSE delivers education at student's doorstep through its customised Learning Management System (LMS), that is, DSE Parent Portal App. It provides students with study material, assignments, videos, photographs, report cards and so on, so that all needs of the students are catered to learn in a comfortable manner.

# Parent Reflections

We would like to thank the teachers and management for providing an uninterrupted and efficient learning experience for the kids during this pandemic.

Initially it was a bit challenging for students, but with the continuous guidance and systematic approach of teachers while delivering the content has given them more clarity and focus in class.

DSE not only focuses on academics but also involves the child in many extracurricular activities like crafts, indoor games, mind building activities, story telling and other competitions, dance and so on.

This ultimately helps children to be more active, improve focus and build confidence in them.

**RAJIV SETHI**  
P/O VIAAN SETHI, PPII D

I appreciate the sincere and tireless efforts of the teachers for their constant hard work and motivation. Thank you for being very supportive to the little ones. Thank you Team DSE for this smooth learning at home

**AMATULLAH YUSRA**  
P/O AIRAH AHMED, II A

It has been an amazing experience for my kids for the past one and a half years as my kids enjoy learning virtually as the faculty makes it more interesting in engaging them throughout the classes, focus on every kid by interacting and asking them questions to ensure they understand the concepts clearly. Regular assessments and oral tests are helping my kids focus on the syllabus and improve their knowledge.

Apart from studies, DSE ensured to focus on extra curricular activities like Music, Dance, Art and competitions which are conducted within DSE and also Inter School Competitions helping my kids participate actively and contributing towards overall development.

**HANUPRASAN GUTTI,**  
P/O AKSHAJ GUTTI  
& AADHYA GUTTI, III C

Thank you teachers for continuing your efforts to improve my child's overall development. We really appreciate the hard work of all the worthy teachers and happy to inform you that the online classes that are going on are very much useful and helpful for our children to cover the syllabus during this Pandemic. All the best to the team DSE.

**M. KAMAKSHI**  
P/O KUSHAL TEJ, VI B

The school has some truly outstanding and well-qualified teachers who are exceptionally dedicated, affectionate and loving. Many activities and the audio-visual classes help my child become more confident day by day. Such activities have also enabled my child to see his school as a place to enjoy many things along with academics. Moreover, children here are encouraged to communicate, share and socialize with each other as well as the teachers. I honestly recommend this school to all my friends and family.

**MR. PALASH CHAKRABORTY**  
P/O SNEHO CHAKRABORTY, VII A

DSE Attapur, has always been a pioneer in all the school activities that are performed. Like always, the pioneers broke the record yet another time, by ensuring the student's education is not compromised at any time. The parents were fully involved in every decision, in order to enable virtual learning and feedback. The PTMs were thorough and feedback provided is swift and to the point. The feedback sought from the parents is acted upon, and the outcomes are very clearly visible in its execution.

As a parent, I highly appreciate the dedication and commitment that the teacher and school displayed towards the child's performance. Proud to be associated with DSE for the last 10 years!

**T M FAIZAL AHAMED**  
P/O FARHEEN MARIAM, X A
